**1.2.34**
**a Lesson in the University of The New Covenant**
Theodore Cottingham, March 3, 2004

1. You have not seen anything like you are about to see. You are about to see more than you can imagine. You are going to see My hand sweep My earth. You are going to see acts of My kindness, acts of My greatness, acts of My beauty, and acts of My wrath come like you have not seen in your lifetime, nor has mankind seen.

I am coming and I am coming in glory and I am coming in power and I am coming to receive honor from those who want to honor Me. And I am coming in wrath for those who have sought diligently to reject Me, reject My teaching, and reject who I am and what I stand for, all that I am and all that I have.

2. I love you Ted. I love you reader, hearer, listener. I love you, and I love you and I honor you this day. And Ted, just as you showed those people the way to the parlor and their meeting, you will show many people the way to My parlor and My meeting to help them meet with Me and to know that I am waiting on them.

I am waiting on them. I am waiting for them to call My name because I am calling their name. I am calling their names even now, each one individually, individually speaking their name, their name now and their new name that I have for them in My design. Just as I changed Abram's name to Abraham and Sarai to Sarah and Jacob to Israel, I often change the names of My Mine who come to Me and become submitted, surrendered—who decide to walk with Me fully and without reserve.

3. I love you and I am calling your name and I am calling your new name, and I am calling their name and I am calling their new name. I am calling your names, each one of you. Come to My parlor. Come to My quarters. Come and spend time with Me. Come and sit at My feet. Come and let Me arise you.

Come and let Me touch you. Come and let Me touch you. Come and let Me touch you. Come and let Me touch you, let Me touch your skin, let Me touch your emotions and bring you the healing that you need to walk in My big world—to walk in the hallways of power and prowess and not be inhibited, intimidated; to not cower, to not be timid, but to walk with your head up, strong, erect, confident and knowing you are significant to Me; that your heart is significant to My heart, and, I love you. I love you. I love you so very much. I love you deeply and My love is constant and My love increases.

4. You will play music for Me. You will bring Me music and musicians, and the musicians that arise to Me now and play My music will soar in the heavenlies above

anything of the past. The magnitude and ramifications of the sweep of My hand coming forth now is beyond you but you will see it.

5. You will show many people the way, just as you did when you served at the top of the escalators years ago—helped people, smiled, embraced them and gave them directions—as you do so now, interspersed with My words in this lobby, you will help many find their way and many that you help find their way will help many find their way.

6. My body grows and increases. My body strengthens—My body destitute no more.

I declare poverty ceasing in My body. I declare, I decree, there is no lack in My body. There has been no lack in My body, but My body has not operated as My body as I designed.

7. Behold, all things are new and I come and I call and I confirm, and I confirm that I am changing, I am opening eyes. I have opened your eyes and I am opening eyes all over this world, all over My world, all over My globe, all over My planet, My planetary system, My creation, and the joy of My hands.

Now look to Me for every moment. Look to Me in every moment. Let Me not be shut out of any moment you have of the day, of the night. Let Me ride, let Me walk, let Me soar with you in all that you do and say and become.

8. I love you. Thank you for walking My people forward, taking their hand, standing them up, arising them into the significance that I have had for them, had for them all along.

But today is the day. Today is the day. Today is the day of salvation, the day of the new birth, the day of significance.

I thank you and I bless you.
